Gail V. Weniger, Township Manager

For any Manager, the Township budget can be one of the more challenging administrative duties. In addition to the elected officials and taxpayers, there are a variety of governmental regulations and requirements that impact the bottom line, usually negatively. Despite these challenges, we are happy to report that for the seventh consecutive year, there will be no local government real estate tax increase in Warwick Township.

Major projects for 2017 include the most ambitious roadway improvement program in recent history. Roads which are scheduled to be included for repair and maintenance include:

- Deer Run Drive (Route 263 to Doe Court)
 - Fallow Hill Lane (Deer Run to Mill Road)
 - Meyer Way (Stony to Land Road)
 - Eddowes Road (Meetinghouse to Old York Road)
 - Mulberry Lane
 - Robinwood Drive
 - Hampton Chase: E. Rockspray, Primrose, Oleander, North and South Daisey, Wisteria, Ironwood, Thyme, Arrowhead, Dogwood (to East Rockspray walking path)
 - Colony Road, Park Drive, Meadowview, and Wayne Drive
 - Hidden Pond: Long Pond (Valley View to Bristol Road), Rosewood & Persimmon Lanes, Valley View, Hedgewood, and Chelsea
- *including all of these roads anticipates a favorable bid

Estimated cost of the 2017 road program is \$1,105,000. Expect some inconvenience as we improve your roadways for the future.

Looking forward ... continued from cover

Not in the Township budget, but certainly of interest to the public is the completion of the Route 263 project, which will be done in the 2017 calendar year. In addition, we have a DEP waterline project on Creek Road that will be completed in Spring 2017.

Other plans for 2017 include improving staffing in the police department and planning and zoning. We are now at 70-80% staffing of 2007. We are building up our staffing to assure that the community's needs for service are met.

Parks and Recreation capital projects will include revitalization of the two pavilions at Community Park, replacement of the fitness equipment in Community Park, and adding a pedestrian bridge to the new trail which traverses the newly acquired Memorial Park. This bridge will allow us to connect the Historic Moland House property with Memorial Park. Memorial Park, which is still to be completed, is the subject of a grant application for 2017. The plans for this park include a playground for children, a pavilion, bathrooms, and a large open field for the public to enjoy. The park is largely passive and the trails are set among a beautiful partially wooded terrain which is adjacent to the Neshaminy Creek. If the grant application is successful, the project will be undertaken in 2018.

EMERGENCY SERVICES

The Township added its first permanent EMS station in 2016 and leased the service to Warminster Volunteer Ambulance Corps. We utilize \$5,000/year to assist with costs to this organization. For fire service, we are fortunate enough to be serviced by two companies – Warwick Fire Company and Hartsville Fire Company. The Fire services are ALL VOLUNTEER and they receive tax dollars from Warwick for their operations (94% Warwick and 6% Hartsville). However, the capital costs for the new building (WFC) and equipment costs rely heavily on donations. We ask every homeowner and business owner to contribute generously to keep our Fire service ALL VOLUNTEER. More details about our emergency services can be found in our feature articles in this edition.

On behalf of the Board of Supervisors: Judith Algeo, Edward Thompson, and John Cox, we wish everyone a happy, healthy, and snow free 2017!

REMINDER

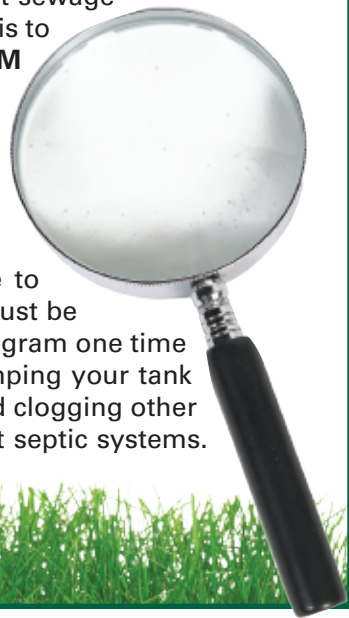

PHASE 3 ON-LOT SEWAGE VISUAL INSPECTION FORMS FOR 2017

Nancy Ehrmann-Cheatle, Code Enforcement Officer, Admin. Assistant

In January 2017, the Township sent letters to all households in Phase 3 of the Warwick Township on-lot sewage management program. These households are required to have their on-lot sewage system pumped by December 31, 2017. They must file a visual inspection form that is to be filled out by their waste hauler. **WE ALSO NEED A COPY OF THE RECEIPT FROM THEIR HAULER.**

Warwick Township is requesting that anyone who is part of Phase 3, return their completed forms to us as soon as possible. If you have lost or misplaced your form, you can obtain a copy by going to our website at warwick-bucks.org (permits and forms) or you can pick them up at the township administration building.

In 2011, Warwick Township adopted the on-lot sewage maintenance ordinance to ensure basic maintenance of on-lot septic systems in the township. Septic tanks must be pumped at intervals not to exceed three years. You only need to register for the program one time but you will be notified every three years in reference to pumping your tank. Pumping your tank regularly will greatly reduce the chance of accumulated solids escaping the tank and clogging other components especially, the drainfield which is the most critical component of most septic systems. In addition, pumping the tank regularly will prolong the life of any on-lot system.

HELP KEEP POLLUTION OUT OF STORM DRAINS

Only rain in the drain! That's because storm drains and roadside ditches lead directly to our streams, lakes and rivers. So, any oil, pet waste, leaves, trash, or dirty water from washing your car that enters a storm drain gets into our streams, lakes and rivers.

WHAT CAN YOU DO?

Simple. These tips will help prevent pollutants from entering our streams, lakes and rivers:

- Sweep fertilizer off of driveways and sidewalks, back onto your lawn.
- Keep leaves, grass clippings, trash, and fertilizers out of storm drains.
- Do not dump motor oil, chemicals, pet waste, dirty or soapy water, or anything else down the storm drain.
- Volunteer to label the storm drains in your neighborhood to inform your neighbors that storm drains flow directly to our streams, lakes and rivers.

KEEP OUR WATER CLEAN!

To report an illicit discharge to the storm water collection system or to a storm drain or to a stream, lake or river, please call the Township office at 215-343-6100.

A NOTE FROM THE TAX OFFICE

Denise Betts, Warwick Township Tax Collector

Real Estate tax bills are mailed March 1st and July 1st each year. Interim bills are mailed for any changes made to your property within 30 days after receiving a change of assessment notice from the County of Bucks. If you do not receive a tax bill, please contact Denise at the Tax Office at 215-491-0611 or email Warwicktaxbetts@aol.com. We also have an email reminder list you may request to be added to. You must always notify the tax office of address changes as soon as possible. New owners or any owner that has had a change in their deed please remember to apply for the Homestead Exemption by March 1st (owner occupied property only). This office only collects for Real Estate taxes. If you have questions concerning the earned income tax, please contact the earned income tax collector, Keystone Collections at 1-888-328-0565 or on their website at www.Keystonecollects.com.

Soccer Stars 1

It's never too early to develop a child's love of soccer and athletics. Our Soccer Starters program is the perfect introduction to soccer basics, promoting physical fitness, creating a positive attitude, developing coordination, and sportsmanship. Instructor ratios are kept small to ensure each child gets the much needed individual attention. We know the importance of first getting kids interested and motivated before they are able to absorb the necessary lessons. Thematic games and fun exercises are designed to inspire and challenge young players, but also allow them to meet with successes that keep them interested in learning more. Learning the fundamentals, and developing a love for the game starts here. Kids that start with us have a real advantage as they mature. We believe it is our duty and privilege to get your kids started off right and develop a passion for the game that will last a lifetime.

WARWICK TOWNSHIP POLICE DEPARTMENT

1733 Township Greene, Jamison, PA 18929

MARK GOLDBERG, CHIEF OF POLICE • 215-343-6102 • 215-343-6103 • Fax: 215-343-8165

The Warwick Police Department serves the 15,000 residents of Warwick Township, as well as our business community, public school population, and visitors and travelers. Our current authorized strength is 18 sworn officers, with 17 officers on staff. We expect to hire the 18th officer in the 2nd quarter of 2017. The Department sponsors several specialty units, including Investigations, Traffic Safety, Crime Scene Investigation, and regional SWAT. Our Department prides itself on providing the highest level of service to our community. As a Department, we are especially proud of our officers. Most live within 15 minutes of Warwick Township. We closely identify with the needs of our community, because the Warwick community is our community. Of our 17 current officers, we have one veteran (USMC), and two women. Nine of our officers have bachelor's degrees, and five have graduate degrees. All officers have earned a significant number of college credits.

For approximately the last 10 years, our Police Department has been certified by the PA Dept. of Health as a Quick Response Service (QRS). A QRS unit is made up of staff holding certification as Emergency Medical Technicians (EMT). They respond to emergency medical calls and have more specialized equipment. Our officers respond with paramedics to almost all medical calls in Warwick, and our 4 EMT's are able to offer service at a higher level than the 1st Aid that is traditionally available until paramedics arrive.

Another lifesaving service we provide is Narcan (naloxone), to counteract the effects of an opiate overdose. We were one of the first police agencies in Bucks County to train our officers and carry this life saving medicine, and as of this writing, we have saved 11 people.

Our Department has 2 officers assigned to the Central Bucks Special Response Team (CBSRT). The team is made up of approximately 18 police departments from Warminster to Quakertown and Richland, who receive special training to handle critical incidents involving the most dangerous people we encounter. These officers have apprehended homicide suspects, armed robbers, and other dangerous felons.

Also attached to CBSRT is our regional Crime Scene Unit. This team is comprised of detectives from our participating agencies. Most are nationally recognized as crime scene technicians, after undergoing comprehensive training from the FBI and a rigorous testing process. The team leader is our detective sergeant, Dante Montella.

Of the 17 police officers in Warwick, two are assigned to investigations, and serve as detectives. Three other officers served at least 2 years in the detective's office, and all of our officers have attained a high level of competency in investigating crime. Our detectives routinely investigate burglaries, thefts and other property crimes, assaults, robberies, and sex crimes. This past July, we investigated our first homicide case in 27 years. Our officers and detectives worked closely with detectives from the Bucks County District Attorney's Office and neighboring police departments and were able to quickly apprehend a suspect.

The Police Department has been kept quite busy over the last year. In September, Cpl. Paul Fox and 2 medics from Warminster Ambulance received lifesaving awards for rescuing a person trapped in a burning home in Stover Mill.

Our officers participate in a DUI task Force with other Bucks County police departments and the District Attorney's Office. Several times each year, these departments come together and conduct checkpoints or focused patrols in different areas in Bucks County. Unfortunately, these details result in quite a volume of DUI arrests, as well as arrests for an assortment of other violations.

Along with the Parks and Recreation Department and Township Administration, the Police Department is active on social media. We maintain a Twitter account, and encourage all to "follow" us @warwickpdbus. As often as possible, we "tweet" information regarding traffic crashes, road closures, safety and crime information. We currently have over 1500 followers.

Warwick Township ranks amongst the Safest Places in PA

ValuePenguin focuses on providing high quality resources to help consumers understand the topics they're interested in. Whether its building visual tools to explain data or publishing in-depth research our goal is to provide objective analysis to help guide you to the best decision. In the process of developing our research, we focus on Value, assessing whether the return of a particular purchase or decision is worth the cost or risk of that option, and how this stacks up with the other possible choices you may have.

We've just published a study, which found that Warwick Township is among the 5 safest small towns in Pennsylvania. Congratulations! The town's ranking is based on a variety of crime metrics we sourced from the FBI across 227 PA cities.

Here's how Warwick Township ranks amongst the Safest Places in PA among our factor categories (1 = Best, 113 = Average):

- 4th- Small Town Ranking (Population 10K-20K)
- 6th- Overall Safety Ranking (Population 10K-20K)
- 49th- Violent Crime
- 4th- Property Crime

HARTSVILLE FIRE COMPANY

1195 York Road, Warminster, PA 18974 • Emergency Dial 911 • Non-Emergency: 215-672-9242

2017 marks the 94th year of volunteer community service for the Hartsville Fire Co. What was once a rural crossroads in a farming community has developed into a busy suburban area. Old York Road and Bristol Roads is known as the "Crossroads of History" in reference to the stage coach that stopped at the old Hartsville Hotel and the encampment of Washington's Army in the summer of 1777.

Our volunteer firefighters train weekly on Tuesday nights. In addition to fire training, skills are maintained in vehicle rescue, water rescue, hazmat operations and CPR/First Aid/EMT. Many of our firefighters have achieved their Emergency Medical Technician Certification.

A major 2016 expense was the purchase all new radios as part of the new Bucks County Radio system. Our \$150,000. cost will be spread over seven years thanks to a loan from Bucks County. New breathing apparatus were also purchased and placed in service during the year. With help from a \$110,000. federal grant and fire company savings we were able to pay the \$160,000. cost. Federal standards require the replacement of breathing equipment every 15 years.

Our goal for 2017 is to place an order for a new Engine for delivery in 2018 to replace our 1998 truck. We anticipate an expenditure of \$450,000. Our savings, the sale of the existing truck and a loan from the State of Pennsylvania will cover the cost.

Annual expenses for insurance provided for our members (\$40,000) and 5 sets of new turnout gear (helmets, boot, pants & coat) at \$3200. per set are the normal parts of our \$300,000 annual operating budget.

Providing firefighters with proper protective equipment is the least we can do to support their volunteer efforts. Our labor is free, but we train and operate to the national standards. It is a matter of pride to perform our chosen duties to the best of our abilities. All new firefighters must obtain their National Firefighter One Certification from the Bucks County Emergency Services Training Center before they can ride the apparatus to emergencies.

If you would like to be a firefighter, please consider the following:

Cadet Firefighters (14 & 15 years of age) meet ever Wednesday night from 7 to 8:30 PM. Cadets received turnout gear and are taught basic firefighting skills. It is an opportunity for young people to try out their ability to lean new kills and work with the fire equipment. This meant to be a fun hands-on experience. You are welcome to join us even if you live outside of the "Hartsville" area; however, when you turn 16 you must leave and join the fire station closest to your home.

Junior Firefighters (15 & 16 years of age) meet and work with the senior firefighters every Tuesday night from 7 to 9 PM. In addition to turnout gear they are eligible to attend that portion of the Firefighter One class allowed by the Pennsylvania Child Labor laws. No interior firefighting is permitted until you turn 18. Juniors who obtain the FF1 for Juniors are permitted to ride the fire trucks to emergency calls for exterior firefighting only.

Senior Firefighters (18 years of age and over) meet every Tuesday night from 7 to 9 PM. They must obtain the FF1 National Certification before they are permitted to ride the apparatus to calls. A complete set of turn out gear, life insurance, emergency medical insurance, workmen's compensation insurance, personal breathing mask, Class A & B uniforms, pager and participation in all fire company activities are offered.

If you have any questions or need more information, please e-mail us at president93@harsvillefc.org.

58 YEARS OF VOLUNTEERING

www.warwickfd.com

Warwick Township Fire Company No. 1 is an all volunteer fire company founded in 1958. We are the primary fire protection unit for Warwick Township. We have approximately 40 active personnel operating 4 trucks from our station (Rescue, Engine, Tower, Tanker). One of the biggest milestones that Warwick Township Fire Company No. 1 had in 2016 is that we are now a 501(c)(3) organization. This now allows for matching grants in the workplace if your employer allows this. This also may allow some direct donations to the fire company to be tax deductible (please check with your accountant for more on this).

We are also a participating organization with Amazon Smile where your Amazon purchases directly benefit the fire company. **To participate, please follow this link: <https://smile.amazon.com/ch/23-2288920>.**

Our Fire Police unit consists of 10 members. Their primary responsibility is traffic control, crowd control and scene safety at fire incidents. They also work with the Warwick Township Police Department at accident scenes and other incidents.

UPCOMING FUNDRAISING EVENT:

We have a Designer Bag Bingo scheduled for Sunday, May 7, 2017.
Please watch our website or facebook page for details.

If you have thought about volunteering in your community, Warwick Fire Company is always looking for volunteers. We have openings for firefighters, fire police, or administrative personnel.

To become a firefighter, you must be a minimum of 14 years old. Between the ages of 14-17, the member is considered a junior firefighter. These members are limited by law as to what they are able to do (no interior firefighting, no operating power tools, among other restrictions). However, they are able to assist in other ways.

Once the member reaches the age of 18, they are considered a firefighter. The firefighter will need to be Firefighter 1 (FF1) certified before being allowed to go into burning buildings, operating cutting tools, etc. We will send you to the Bucks County Public Safety Training Center for this education. FF1 is a 192 hour course over several months. In this course, you will learn how to be a safe and proficient firefighter. Our drills on Tuesday evenings will expand on this training and show you the specifics of our apparatus, tools, and gear.

There are many other courses that can be taken during your career such as Basic Vehicle Rescue (learn the technique to safely remove an entrapped victim from a car), Pump Operator (to learn how to work the pump on the trucks to send water through the hoses), Emergency Vehicle Driver Training (EVDT – How to safely operate an emergency vehicle during an emergency and non emergency), along with many other programs and specialized training.

To be a Fire Police Officer, you will need to take the Basic Fire Police course (16 hours over 1 weekend). This shows you how to direct traffic, explains some of the pertinent motor vehicle laws, and techniques for crowd control that you may use. You will then be sworn in by the local magistrate and registered with the local police. Other courses available to the Fire Police Officer include Advanced Fire Police, Communications, and Legal Concepts.

The fire company is also looking for Administrative members. These members could assist us in fund raising (planning and executing fundraising events), office work (we are a small business so help is needed in the financial office, administrative wing, secretarial work), truck maintenance (the trucks and officer's vehicles need to keep running efficiently), etc. Even though we are supported by your tax dollars, this does not cover us for all of our expenses during the year so the fundraising aspect is a huge part of the volunteer life.

If you are interested in volunteering, please stop up to the fire house any Tuesday evening. We will gladly show you around and see what you are interested in doing. Applications are available. Warwick Township Fire Company No. 1 is located at 2390 York Rd. in Jamison (across from McDonalds).

WARMINSTER VOLUNTEER AMBULANCE CORPS

Tara Hines, Executive Director

Warminster Volunteer Ambulance Corps (WVAC) is a community based emergency medical services agency located in the heart of Bucks County. WVAC is a registered 501 (c)3 non-profit charitable organization, with stations in both Warwick and Warminster Townships. With approximately fifty members, comprised of both volunteers and paid staff, WVAC offers 24 hours a day, 7 days a week, 365 days a year advanced life support for medical emergencies dispatched through the 911 service. With over 4000 calls per year, Warminster Volunteer Ambulance Corps has responded to over 550 calls in Warwick Township, in 2016.

In order to provide these services, WVAC requires certification and continued training of all of its EMS staff. In 2016, Warminster Volunteer Ambulance Corps was recognized for the organization's focus on training and patient care, when it received an American Heart Association Mission: Lifeline Gold award for stellar care of high risk stroke patients. WVAC also received recognition from both Warwick and Warminster Townships' Board of Supervisors for the high level of care provided to township residents, along with a brand new facility, sponsored by Warwick Township.

The demands of operating around the clock on behalf of every call that comes in, are high. Current legislation has made it difficult for ambulance services in Pennsylvania to receive reimbursement for EMS responses provided. As a result, WVAC has needed to rely on community donations to stay in service. Without community support, through donations made directly, Warminster Volunteer Ambulance Corps cannot offer the highest level of care possible. To make a donation, without any additional cost to you, please select "Warminster Volunteer Ambulance Corps" at smile.amazon.com before making Amazon purchases. If you would like to donate directly, please visit www.gofundme.com/wvacambulance or mail your donations to Warminster Volunteer Ambulance Corps, 555 Evergreen Ave, Warminster, PA 18974.

FIRE MARSHAL ON FIRE SAFETY

Ed Pfeiffer, Fire Marshal

What you don't know can hurt you. This old statement is certainly true when there is smoke in your house. Smoke is nature's pre-fire warning. If you don't know there is smoke in your house, you can expect that smoke to develop into a fire.

In our overall effort to reduce the potential for a serious fire in Warwick Township, the smoke detectors (and other safety issues) of every home that is sold are inspected. Owners of homes being sold must replace or add smoke detectors to meet the following standard. A smoke detector is required in every bedroom, on each level, the garage and each room in the basement. All detectors must communicate with each other so that when any detector senses smoke, they all make noise. Detectors can be "hardwired", "wireless" or a combination of both.

More than 50% of our township homes have a sprinkler system as well as a smoke detector system that meets the above standard. These are not only the safest homes in the township they are among the safest in the country.

Any detectors 10 years or older must be replaced. The history of smoke detectors shows that they were designed to last 10 years and they have an increasing failure rate the older they get.

Pushing the test button on a smoke detector only tests the power supply (110 volts or battery voltage). To completely test the detector it must be subject to smoke. Smoke detectors have the following functions:

- Their ability to sense smoke.
- Their electronic ability to relay the sensing to the horn.
- And the ability for the horn to make noise.

Should anyone of these functions fail, the detector fails. Pushing the test button only tests item #3 (the power supply). A full test of the smoke detectors requires smoke. Artificial smoke is sold in an aerosol can for this purpose.

If your smoke detectors are connected by wires (hardwired) or wirelessly they have these functions:

- Their ability to sense smoke.
- Their electronic ability to relay the sensing to the horn within the sensing detector.
- Their ability to also send the signal to the other detectors.
- The receiving detector's ability to receive the signal electronically.
- And the ability of the receiving detector to make noise.

Every detector must be checked with smoke to insure all of these functions occur. If not, the detector fails.

Smoke doesn't pass through walls or doors. It is important to have a detector in every room to sense the earliest presence of smoke and send that signal to all of the detectors in your home. This provides you with noise in your bedroom when you are asleep. You won't hear the detector in your garage or basement from your bedroom while you are sleeping. This is when you are most vulnerable to undetected smoke and fire.

With few exceptions, everyone who has been injured or died in a fire was home at the time the fire began. They didn't become aware of their situation until it was too late. What you don't know can hurt you.

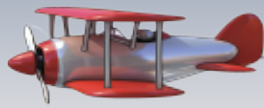

Fire doesn't discriminate. People who believe that a fire can't occur in their home are mistaken. No one plans to have a fire in their home. Most all fires are considered an accident and most all can be prevented by having a complete smoke detector warning system. Anything less than that is a gamble.

Every electrical appliance, outlet, wire, extension cord, power strip, candle, cigarette, etc. has a fire potential. Recalled products are in our homes long before they are recalled. It is actual fire incident investigations that determine the fire cause that eventually lead to a recall. No home is exempt from a fire. If you have never upgraded your detectors you are overdue.

"Wireless" detectors are battery powered and send a signal to all of the similar wireless detectors. When one senses smoke, they all make noise. They are the equivalent of a "hardwired" smoke detectors system without the need for wires. They install like the old battery detectors, but provide a system that matches that of a brand new 2017 home. They are the new technology for older homes.

Smoke detectors that are not interconnected are obsolete. They do not meet the current Fire Code and they must be upgraded when you sell your home. Don't wait to upgrade your home's fire safety for the next family. Do it for yours.

I welcome your questions or concerns and can arrange for free detector installation for those who need help. Please contact me at epfeiffer@warwick-township.org.

WARWICK TEEN CAMP

This active camp embarks on 4 Full Day Trips each week. Trips range from paintball, the beach, waterparks, amusement parks and even whitewater rafting. The campers will be gone from the site for the whole day. Campers have a lot of freedom in this camp and they learn to be responsible young adults. Times for the trips will vary, but the majority of the trips leave every morning between 8am and 9am and return home between 5pm and 7pm. We want to maximize the time at each site and with some locations further than others, it makes it difficult holding onto certain times. Register early as there are only 44 spots each week and it fills up quick! **THIS IS A RAIN OR SHINE CAMP AND THERE WILL BE NO REFUNDS!!!!** If we encounter inclement weather, alternative trips may occur. **TRIPS ARE STILL BEING BOOKED.** Transportation is by school bus. Check www.warwickrec.com for more information.

Soccer Stars 1

It's never too early to develop a child's love of soccer and athletics. Our Soccer Starters program is the perfect introduction to soccer basics, promoting physical fitness, creating a positive attitude, developing coordination, and sportsmanship. Instructor ratios are kept small to ensure each child gets the much needed individual attention. We know the importance of first getting kids interested and motivated before they are able to absorb the necessary lessons. Thematic games and fun exercises are designed to inspire and challenge young players, but also allow them to meet with successes that keep them interested in learning more. Learning the fundamentals, and developing a love for the game starts here. Kids that start with us have a real advantage as they mature. We believe it is our duty and privilege to get your kids started off right and develop a passion for the game that will last a lifetime.

Television Recycling: Where to Begin

With Spring Cleaning in full swing, a lot of residents are asking the same question: where can I dispose of this old television set or computer monitor?

Trash haulers will no longer accept televisions and computer monitors along with the regular trash pick up. The Township has compiled a list of some companies that can help you get rid of those old electronics. As of December 2016, this is the most current information; however, rates and availability are subject to change at any time.

- **Bucks County Planning Commission** - the Planning Commission compiles a list of regional recycling events being held in 2017. This list becomes available in late March/early April. Please check their website or call for information: www.bucks.org/recycling 215-345-3400
- **E-Waste Experts** (Lower Bucks Area)- hours are Mon-Fri 9am-3pm for electronic drop off, 416 Green Lane Bristol, PA 19007; 877-328-2927. This company has specific requirements for TV drop off:
 - **CRT & Rear Projection TVs:** drop off times are Thursdays between 1 and 3
 - **Plastic housed TVs** - cost is \$0.35 per pound
 - **Wooden housed TVs** - cost is \$1.00 per pound
 - **Rear Projection TVs** - cost is \$1.00 per pound
 - **LCD Type TVs** - drop off times are Monday through Thursday between 9 and 3
 - **LCD type TVs** - cost is \$0.20 per pound
- **611 Metals** (Central Bucks Area) - 2 locations to drop off and no appointment necessary
 - Willow Grove hours are Mon-Fri 8am-4:30pm, Sat 8am-12pm; 2509 Wyandotte Road Willow Grove, PA 19090; 267-643-6564
 - Pipersville Mon-Fri 7:30am-4:30pm, Sat 7:30am-12pm, 6776 Easton Road Pipersville, PA 18947; 267-221-6924
 - Any kind of TV - cost is \$0.70 per pound
 - Flat Screen Computer Monitor - cost is a flat rate of \$5.00
 - CRT (or big back) Computer Monitor - cost is a flat rate of \$15.00
- **Gigabiter** (Upper Bucks Area)- hours Mon-Fri 7am-6pm; 130 Penn Ann Drive, Quakertown, PA 18951; 267-227-3032
 - Any type of TV or Computer monitor - cost is a flat rate of \$20.00
