Service Through Teamwork and Dedication

Those five simple words have guided our police officers for almost 30 years. They are not my words. They are the words of my predecessor, Joseph Costello- a man of honor and ideals. Our police officers *SERVE*. We work together as a team, because that is the most efficient way to deliver SERVICE. We are Dedicated to the SERVICE we provide.

As my officers and I navigate these unprecedented, troubled times, we take comfort in the support we receive from our community. I believe we enjoy that support because we SERVE, as ALL police officers should. We treat people with the dignity and respect that ALL human beings deserve.

Just like you, my officers and I are human beings. Just like you, we have made mistakes. I hold my officers accountable to the high standards of our Department, and the law of the land. I am held accountable to those same standards by the elected officials of Warwick Township. Our actions are routinely reviewed by our Police Administration, our Township Administration, the Courts of Bucks County, the Courts of the Commonwealth of Pennsylvania, and at times, the Courts of the United States.

Just as important, our actions are reviewed by the community we serve. My officers and I live in the community we serve. You see us and our families at school meetings, the grocery store, athletic events and religious services, and we see you. **There is no higher accountability than facing those you serve.** My officers and I are motivated to do the best possible job. Our community will accept nothing less.
