I. Call to Order

Mike Riotto called the May 6, 2020 Planning Commission meeting to order at 7:00 pm.

II. Consider approval of the March 4, 2020 Planning Commission Meeting Minutes

Motion by Mike Italia to approve the March 4, 2020 Planning Commission meeting minutes without revision, seconded by Kiel Sigafos. Motion passed unanimously.

III. LD 20-01: Waiver of Land Development for 1531 Campus Drive.

Ms. McKeever explained that on March 12th, 2020 the Township received a waiver of land development submission by Steve Adams Realty, LLC. The applicant proposes waiving land development approval for existing structures. The plan reviewed was prepared by Cornerstone Consulting Engineers & Architectural, Inc. dated September 19, 2019.

Michael Yanoff, attorney for the applicant, gave an overview of how his client acquired the property, that Warwick Township Water & Sewer Authority owned it prior to the applicant and that when the applicant purchased it there was an existing building on the property. Mr. Yanoff also stated that he does not believe Land Development is applicable because it is a non-conforming use, and that the 2 structures the applicant erected in 2018 and 2019 are temporary structures. Mr. Yanoff noted that these 2 structures were erected without permits, and because the property precedes the 2010 zoning ordinance. Mr. Yanoff also explained that the 2 structures, although they do have a roof and walls are not permanently affixed to the ground and as the manufacturer states are temporary.

Mr. Oetinger asked when the use began as the ordinance dates back to 1979, in 2010 there were amendments made. Mr. Oetinger also confirmed that we are talking about the 2 newer structures, not the existing building from approximately 1996.

Ms. McKeever read the definition of Land Development in the Subdivision and Land Development Ordinance (SALDO). She stated that this zoning ordinance was in place in the late 1970's and there was an amendment in 2010. She also stated that the new buildings encroach into the buffer zone which was a part of the original development plan.

Mr. Italia stated that a temporary structure is something that does not last more than 180 days or 6 months on a parcel. It does not necessarily go by what the manufacture states as temporary. Because these building have been in their location for more than 6 months it becomes permanent.

Mr. Riotto asked if there was any comment from the public, as there was not;

Mr. Itallia made a motion to recommend denial of the Waiver of Land Development. Kiel Sigafos seconded the motion. Motion passed unanimously.

IV. LD 05-11 Warwick Village Commons- Phase II Tractor Supply Company Final Plan

Julie VonSpreckelsen was present on behalf of the applicant. Ms. VonSpreckelsen explained that they are here this evening for a recommendation final plan approval. Ms. VonSpreckelsen did not give an overview as this has been before the Planning Commission many times now.

Ms. VonSpreckelsen stated that the applicant re-submitted the plans and they pretty much mirror the last set except that they have added the crosswalk from the BLADCO property sidewalk extension to the Wawa as requested.

Ms. VonSpreckelsen stated that she would start with the staff review letter, then the CKS review letter Letter

Staff Review letter dated April 29, 2020:

Mr. Sigafoos had the following questions:

1. At the four-way intersection, he would like to see more lighting as there will be a pedestrian crossing – Applicant stated they would look into it and see what they can do.
2. Regarding the bollard colors for the for the front parking spaces, would like to see a neutral color that matches the building. – Applicant will do this.
3. Is it possible to have the ramp enclosed so that kids do not try to skateboard on it and possibly get hurt – there was some discussion and it will not be able to be enclosed but it is grated which should not be conducive to skateboarding.

Mr. Riotto asked about having more lighting on the pathway to the BLADCO property – applicant stated that they did add a few extra but will double check it.

Ms. McKeever asked about the mountable median and qwik curb, Mr. Britz stated that this will be on a separate plan set that its being permitted by PennDOT, this is normal, and they will be referencing it on the record plan. Mr. Evarts feels this is ok for highway improvements and Land Development.

Mr. Evarts stated that the variations from the stipulation agreement, and the changes did not make it in the action letter but will be put in the final action letter.

Kiel Sigafoos made a motion to recommended final plan approval with the following conditions:

1. **Compliance with the CKS Review Letter dated 4/27/20**
2. **Compliance with the Staff Review Letter dated 4/29/20**
3. **Confirmation that the pedestrian pathway goes to the edge of the property line**
4. **Applicant to look into installing additional lighting at the 4-way intersection**
5. **Partial waiver on CKS review letter SALDO item number 2 – waiver of radius required**

Mike Italia seconded the motion. Motion passed unanimously.
